Subject: Four Year Financial Plan

In December 1996 the City submitted its four year financial plan to the Financial Supervisory Board. Both the revenue and expenditure projections were reviewed by OSC staff, and the Board certified the plan.

The estimates in the plan are the result of a joint effort involving the departments, the City comptroller and OMB. As the first year of the plan is 1997, the projections for the remaining years are based on the 1997 budget assumptions modified by any predictable changes. Predictable in this context means both probable and quantifiable.

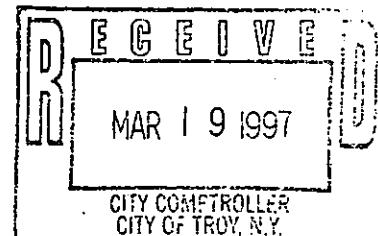

This four year plan is a 'snapshot' at the end of 1996. For instance, it does not incorporate more sales tax revenue because it is not predictable. It also does not incorporate inflation driven increases in expenditures for goods and materials.

The plan is conservative. It is essentially flat on the revenue side. A four year, \$1 million decrease in public safety expenditures in 1997 through 2000 is offset by increases in health care costs, especially for retirees.

The four year plan is a 'zero growth' plan. As such, any change in the City's operation that results in a predictable increase in expenditures must be accompanied by either a predictable increase in revenues, or by a compensating predictable decrease in expenditures. All proposed modifications to the current plan must be certified by the Financial Supervisory Board before taking effect.

The certified four year plan is attached.

City of Troy
Office of the Mayor
City Hall
Troy, NY 12180

Mark P. Pattison
Mayor

October 1, 1996

Honorable Elizabeth Walsh, City Council President
Honorable Members of the City Council,

Pursuant to the Troy City Charter I am submitting to you, and to all of our fellow Trojans, my recommended budget for 1997.

This budget represents a milestone in our civic growth. It is the first budget formally submitted by a Mayor to a City Council in over thirty years. With this budget submission we are continuing on our path of reforming Troy's government, and fulfilling the promise of separate Executive and Legislative branches.

The 1997 budget is historic in other ways. This is the first honestly balanced budget presented to the people of Troy in this decade. It continues on the path of reducing costs, ends the steady string of deficit spending and holds the line on taxes. There will be no tax increase in 1997.

This budget is truly a remarkable achievement. General fund expenditures are \$200,000 less than last year and almost \$5 million less than in 1995. Expenditures from the General Fund will dip below \$36 million for the first time since 1991. It accomplishes this feat by building on our enormous successes of the past year. The 1997 Budget establishes a blueprint for fiscal discipline that will carry us into the next century with a stronger, more stable City. That renewed strength will be based on achieving three critical goals:

- ◆ Restoring Troy's Fiscal Integrity
- ◆ Making Our City Safer And Cleaner
- ◆ Reviving Troy's Economic Vitality

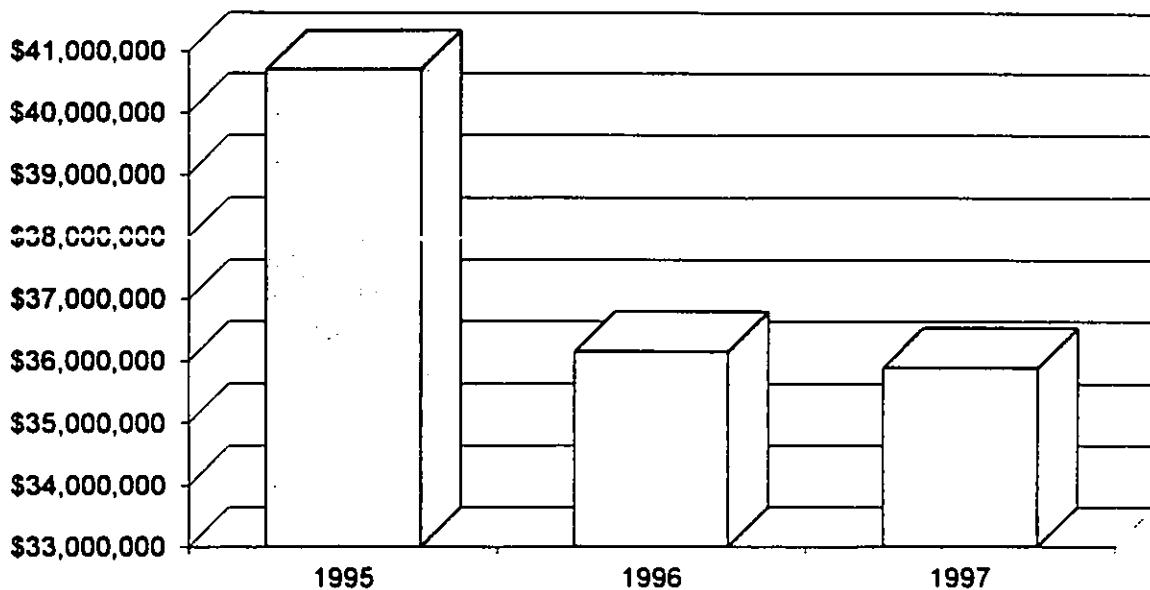

This is the first honestly balanced budget presented to the people of Troy in this decade. It continues on the path of reducing costs, ends the steady string of deficit spending and holds the line on taxes. There will be no tax increase in 1997.

Restoring Troy's Fiscal Stability

Over the past year we have been focused on goal number one, restoring Troy's fiscal integrity. On January 1, 1996 we faced a financial crisis unprecedented in the history of this City. We were left with \$6 million in unpaid bills from 1995. The 1996 budget was out of balance by at least another \$6 million. We were confronted by the painful reality of an annual debt service payment of almost \$10 million that represented 25% our entire budget. Troy was out of money and out of time. We met that challenge through a combination of tough decisions and tough negotiations.

The first step was to stabilize our financial situation. To maintain vital services to the people of our City, we needed to continue to cut costs and we needed an immediate infusion of revenue. We did both, and began to lay the foundation for genuine fiscal integrity. Those efforts have already paid off. The 1997 budget maintains services while at the same time holding the line on the overall cost of city government. Most importantly, we have established a stable revenue base that allows us to avoid any tax increase during 1997.

General Fund Budget

Honest Budgeting

Unlike last year's budget and those of the recent past this budget deals with the cost of running city government honestly. We are budgeting enough money to pay for items such as mandated health care costs, a full year of tipping fees, employee retirement, and utility bills. For example, in 1997, our total budget for mandated health care costs will show an increase of more than a million dollars. This increase results not only from escalating health care costs but also from the failure of last year's budget to account for the true cost of the City's health care program. While we will work with our unions to find ways to reduce this expense, this budget recognizes and fully funds the true costs. To further the goal of honest budgeting, we are not relying on questionable revenues and phony savings that cannot be achieved under existing contracts and obligations.

Within the context of a budget that reduces the cost of operating our City in 1997, this budget contains numerous innovations and targeted investments that will strengthen our fiscal oversight, increase our efficiency, and improve our capacity to deliver services to the community.

Improved Financial Management

A major initiative for fiscal 1997 will be to rebuild and improve our City's financial management systems.

Troy's fiscal practices have been rightfully criticized in the recent past. Inadequate reserve funds and poor financial oversight have contributed to an atmosphere of financial crisis. With respect to financial management, it is an important long term fiscal objective to establish adequate reserve accounts which can cushion the blow of any unforeseen expenditures. While we cannot set aside adequate reserves at this time, we will take the first tentative steps this year by creating the appropriate accounts when savings or new revenues become available to fill them.

Recent cutbacks in the Finance Department staff have been cited by our independent auditor Bollam, Sheedy and Torani, and the Office of the State Comptroller as imperiling the City's ability to maintain strict and accurate accounting. We will strengthen the City's financial oversight by restructuring the Department of Finance into an Office of the City Comptroller. This reorganization will allow for more accurate management of the flow of funds in and out of the City's coffers.

The reorganized Department will consist of six functional bureaus: Cash Receipts, Cash Disbursements/User Charge Billings, Payroll, Real Property Tax Billing, Financial Management and Purchasing. The purpose of this realignment is to establish clear lines of accountability, and to improve the service to the public. A key component of this restructuring is the consolidation of the City Clerk's cashier function with the Treasurer's Office. Currently, each of these offices has some responsibility for the collection and tracking of various payments. The Treasurer's Office collects for payment of property and delinquent school taxes, water and recycling bills, parking tickets and deposits maintained by other City departments. The City Clerk's Office collects payments for marriage licenses, dog licenses and parking permits. By centralizing the point of collection in a single "Cash Receipts Bureau" (Treasurers Office) there will be greater accountability and oversight.

The reorganization of the Department of Finance will be accomplished primarily through the reassignment of existing staff positions. In addition, a limited number of positions will be restored to facilitate cash management and recordkeeping. A Data Entry Clerk will be added to the Cash Receipts Bureau, and a Head Account Clerk and Senior Account Clerk will be added to establish the Cash Disbursements/User Charge Billing Bureau. The positions to be added are required to perform financial report preparations, journal entries and other financial records in support of the Uniform System of Accounting. Even with the restoration of these positions, the overall finance department staffing level is still well below the authorized strength of two years ago.

Information Services

With the elimination of the joint data processing function between the City and County earlier this year we have had to begin the planning for a new Information Systems capacity within our own City government. In 1997 we will create an information systems unit that continues the effort to upgrade our information and reporting capacity and reduces costs through new technology. Next year will serve as a transition time during which we maintain a contractual relationship with the county for the operation of our core systems and begin to take on direct responsibility for our own information needs. This will require the development of a comprehensive master plan and the creation of an in-house staff to replace the functions formerly performed by County employees who were housed in City hall. This unit will be formed at no additional cost by combining the former Data Processing and Office Automation functions from last year. In order to maintain fiscal stability, the new Information Systems unit will be funded at the same levels as was budgeted for Data Processing and Office Automation combined.

Making Troy Safer and Cleaner

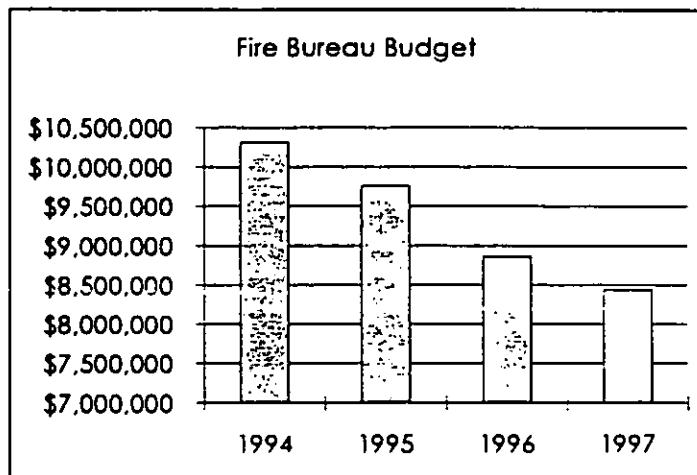

With Troy having made great strides in achieving fiscal integrity over the past year it is now time to turn our attention to the other key goals for the future. While we do not have the resources necessary for large new initiatives, this budget does allow for solid progress through consolidations, efficiencies and redeployments.

In the area of Public Safety, we will hold total spending steady while more accurately identifying the real costs of running both the Police Bureau and the Fire Bureau. Last year's budget established Public Safety Administration as a new category of expenditure. Because, in practice, the Police Bureau and the Fire Bureau operate as independent entities, the associated administrative costs have been returned to each bureau's budget for 1997. This allows a more realistic allocation of the true costs associated with maintaining each operation.

A "no growth" public safety budget will be accomplished despite the increased costs associated with previously negotiated salary increases for the police command officers and the Fire Bureau. These mandated increases will be offset by continued reduction in force strength in both the Police Bureau and the Fire Bureau.

Better Use of Our Firefighting Force

As a result of ongoing downsizing brought about through successful contract negotiations, and when adjusted for the true administrative costs, next year's Fire Bureau budget will be half a million dollars less than in 1996 and \$1.3 million less than actual expenditures in 1995. In addition, as we begin our second year of operations for the ambulance service, we are projecting an increase in revenues of \$190,000. As a new initiative aimed at keeping Troy safer, the Fire Bureau will work in partnership with the Bureau of Code Enforcement to enhance our ability to inspect residential and commercial buildings. This initiative will not only increase the quantity and quality of inspections, but also will serve to further familiarize firefighters with various buildings throughout the City.

Better Use of Our Police Officers

The Police Bureau budget for 1997 shows an increase over the budgeted amount for 1996. This increase results from the allocation of true administrative costs back into the Police Bureau, as well as closing the budget gap created by the unrealistic projection of personnel savings in the 1996 budget. Despite the budgeted increase in the Police Bureau, overall force strength continues to decline. To offset the impact of that decline, federal funds have been secured to civilianize identification and record keeping functions currently performed by uniformed personnel. Two uniformed officers currently assigned to desk jobs will be redeployed to active police work. This will require the addition of two new, fully funded civilian positions; Photo Lab Technician and Account Clerk Typist. In a time of diminished resources it is imperative that sworn officers be available to perform crime fighting duties.

Community Policing

The move toward civilianization of all support related functions coincides with a heightened emphasis on Community Policing. Efforts will be made to establish outreach offices in both Community Policing Target Areas. These offices will serve as a base of operations for Community Service Officers funded through the Community Development Block Grant Program. The number of police officers assigned to community policing will be increased as resources warrant. One of the many initiatives that will be undertaken by the community policing unit will be a bicycle registration program in conjunction with our neighboring communities of Green Island, Cohoes and Watervliet. As part of this effort, a computer data base will be established that will assist in identifying these bicycles as stolen when a larceny report is first entered and the property recovered.

Consolidations and Efficiencies

Our efforts to make Troy cleaner will focus on increasing the productivity and decreasing the cost of public service activities. The Department of Public Works and the Department of Public Utilities have the primary responsibility for providing these public services. While each department has a different mission many of the activities they undertake, such as engineering and design work or the operation of heavy equipment, have great similarities. Over the coming year the Office of Management and Budget will work with both Departments and Labor unions to examine the possibility of merging of DPW and DPU.

This year we will take steps to make greater use of our City employees, and thus reduce the cost of hiring outside firms, for activities which we can perform more economically.

In the interim, wherever possible, similar functions performed by different units will be merged, consolidated or realigned. This year we will begin this process by merging the Recreation and the DPW Garage personnel. This should result in better levels of maintenance on vehicles and equipment. If this pilot effort is successful, DPU and Police garages could be merged in the future as well.

In a similar vein, a City facility maintenance Bureau will be established to oversee the care and maintenance of all city buildings. Initially this bureau will draw from DPW, DPU and Recreation staffs. Eventually the signal bureau may be consolidated as well.

We will also take steps to improve our ability to respond to complaints about stray animals in neighborhoods throughout the City. This will be accomplished by reassigning the Animal Control Officer position from the Police Bureau into the Bureau of Code Enforcement. This will help to ensure that the control of unlicensed and dangerous animals is part of a broader effort to enforce the City's ordinances.

Our City workforce represents a wealth of knowledge, talent and experience that should be tapped wherever possible. This "contracting in" approach will be used for services and projects such as the demolition of buildings, street paving, and recreation improvements. In undertaking these projects special attention will be focused on the low and moderate income neighborhoods of the City in order to improve the quality of life and maximize our use of outside funding sources such as Community Development Block Grants.

Efforts to find ways to reduce cost and improve service will be continued and expanded. Last year's successful reduction in the use of road salt will be again take place during the snow plowing season. More flexible scheduling will allow for expanded services such as street cleaning between 4 AM and 7 PM.

Finally, we will undertake a vigorous effort to measure and improve our ability to meet the needs of our citizens. A system of performance measures will be established to allow us to better evaluate our strengths and weaknesses in delivering services. A new complaint response program will also be established to ensure timely response to problems identified by residents and businesses in the City.

Reviving Troy's Economic Vitality

Troy's future lies in our ability to attract new businesses and strengthen our economic base. Troy has much to offer aspiring entrepreneurs as well as established businesses. We must build on those assets and develop a reputation as a business friendly community.

This year we will continue to take steps to improve our business climate. Perhaps the most important measures we have undertaken thus far are stabilizing our tax rate and maintaining quality services. These are critical components in any strategy to attract and retain business.

In addition, we will consolidate the Planning, Engineering and Code Enforcement staffs to provide a comprehensive permitting process for anyone interested in building or renovating space in our City. This will streamline the process and provide a single point of contact for applicants, thus reducing red tape and unnecessary duplication. This consolidation will be further enhanced by cross training personnel and by networking these operations together into a single property maintenance and Geographic Information Systems database.

Troy has much to offer aspiring entrepreneurs as well as established businesses. We must build on those assets and develop a reputation as a business friendly community.

Troy will also continue to seek out all avenues of available resources for economic development activities. This will allow us to maximize the opportunities for public improvements throughout the City, particularly in our target areas and economic development zone. Emphasis will be placed on federal and state funding sources such as ISTEA, CDBG, Small Cities Block grants, Environmental Facilities Corporation, the Greenway program and Enterprise Community.

In order to ensure that these efforts and possibilities benefit from the input of the community, we will establish a new federally funded position in the Planning Department. The new position of Community Participation Specialist will be responsible for providing timely information to the community and organizing the process for genuine participation.

The budget presented to the City Council outlines an ambitious agenda -- the *Hope Agenda* -- for the City of Troy. It is a lean, yet realistic fiscal plan. It does not address all of our pressing capital and equipment needs, nor does it provide for a substantial expansion of services. While this budget does not accomplish all that we need to accomplish in order to make Troy meet its full potential as a great place to live, work and raise a family, it does move us forward. And that is an accomplishment.

One year ago, as a "For Sale" sign hung on our City Hall, who would have dreamed we would have accomplished so much in so short a time? We have built a solid foundation for Troy's recovery.

Troy is on the comeback trail! While we still have a long way to travel, the path ahead is clear. It will take continued fiscal discipline and a spirit of cooperation to continue on our journey forward. I know that together we can -- and we will -- build a better, more vibrant Troy.

I am proud to submit this budget to you as another major step toward reaching that goal.

THE 1997 BUDGET REQUEST REFLECTS THE TRANSFER OF THESE TWO POSITIONS TO THE PURCHASEING SECTION A1345-101, AT NO INCREASE ABOVE WHAT WAS BUDGETED FOR THESE TWO ITEMS IN FISCAL YEAR 1996. PURCHASING AGENT IS RESPONSIBLE FOR THE PROCUREMENT OF MATERIALS, SUPPLIES, EQUIPMENT AND CONTRACTUAL WORK NEEDED BY THE CITY, AND FOR THE DISPOSITION OF CITY PROPERTY AS AUTHORIZED BY THE CITY COUNCIL. IN CONJUNCTION WITH THESE RESPONSIBILITIES, THE PURCHASING AGENT ESTABLISHES SPECIFICATION STANDARDS FOR ITEMS PRIOR TO PURCHASE. THE PURCHASING AGENT IS APPOINTED BY THE CITY COMPTROLLER WITH APPROVAL OF THE MAYOR.

Commentary:

THIS POLICE BUREAU BUDGET BALANCES THE NEED TO PROVIDE ADEQUATE PUBLIC SAFETY, HOLD DOWN COSTS, AND AT THE SAME TIME MEET CONTRACTUAL OBLIGATIONS. AS A RESULT, THE COSTS OF PREVIOUSLY NEGOTIATED SALARY INCREASES AND MANDATORY STAFFING LEVELS FOR THE COMMAND STAFF WILL BE OFFSET BY A CONTINUED REDUCTION IN THE OVERALL SIZE OF THE UNIFORMED FORCE. TO MAINTAIN ADEQUATE LEVELS OF SERVICE, AN AGGRESSIVE PROGRAM OF CIVILIANIZATION WILL BE UNDERTAKEN WITH THE USE OF FEDERAL FUNDS.

Commentary:

THE BUREAU OF FIRE OPERATES FROM FIVE STATIONS THROUGHOUT THE CITY. FIVE ENGINE COMPANIES, TWO AERIAL COMPANIES, A HEAVY RESCUE, A PARAMEDIC UNIT AND A BATTALION CHIEF RESPOND TO THE CALLS FOR ASSISTANCE RECEIVED BY OUR FIRE DISPATCHERS. LAST YEAR, THIS BUREAU RESPONDED TO OVER 7,000 CALLS FOR BASIC AND ADVANCED LIFE SUPPORT, STRUCTURE, AUTO AND BRUSH FIRES, HAZARDOUS MATERIALS INCIDENTS, WATER RESCUES, WIRES DOWN, AND INDIVIDUALS LOCKED OUT OF THEIR HOMES TO NAME BUT A FEW. THE COMPANIES ALSO CONDUCTED FIRE INSPECTIONS THROUGHOUT THE CITY AND SPENT OVER A HUNDRED HOURS PER MAN IN CLASS ROOM AND IN THE FIELD TRAINING. OUR DIVISIONS OF PREVENTION, TRAINING AND EMS COORDINATE THESE DAILY ACTIVITIES TO MAINTAIN OUR LEVEL OF SERVICE AND THE PROFICIENCY OF OUR PERSONNEL. IN 1995 THE BUREAU PLACED A MUNICIPAL AMBULANCE SERVICE ONLINE IN THE CITY.

Commentary:

THE TRANSMISSION AND DISTRIBUTION SECTION IS RESPONSIBLE FOR THE NETWORK OF WATER PIPELINES WHICH SUPPLY THE CITY WITH ITS POTABLE WATER SUPPLY. IN ADDITION TO THE 150 MILES OF PIPELINES, IT IS ALSO RESPONSIBLE FOR NEARLY 1,500 FIRE HYDRANTS, 3,000 WATER VALVES, AND 13,000 WATER SERVICES, INCLUDING METERS WHICH COMPRIZE THE SYSTEM. A LEAK LOCATION PROGRAM HAS BEEN ONGOING. IT RESULTS IN SYSTEM LEAKS BEING REPAIRED, ALLOWING FOR SUBSTANTIAL WATER CONSERVATION. THE REDUCED CONSUMPTION RESULTS IN LOWER ENERGY COSTS AND REDUCED USAGE OF CHEMICALS. CONTINUATION OF THE EXCELLENT PREVENTIVE MAINTENANCE PROGRAM ESTABLISHED TO INSURE WORKABLE HYDRANTS AND VALVES CONTINUES. IN ADDITION, THE PROMPT ATTENTION TO WATER BREAKS AND CUSTOMER SERVICE PROBLEMS REMAINS A GOAL OF THIS SECTION. THE DUTIES OF THE PERSONNEL HAVE BEEN EXPANDED TO INCLUDE A METER PROGRAM WHICH INCLUDES METER REPAIR AND REPLACEMENT. THIS SECTION MAINTAINS "ON-CALL" PERSONNEL AVAILABLE FOR DISPATCH WHENEVER EMERGENCIES ARISE OR THE PUBLIC REQUIRES ASSISTANCE REGARDING THEIR WATER SUPPLY. THIS SECTION ALSO PROVIDES MEN AND EQUIPMENT FOR SNOW PLOWING AND SALTING OPERATIONS IN ASSIGNED SECTIONS OF THE CITY WHEN CONDITIONS DICTATE.
