Current Council Districts

- Council District 6 out of compliance with the Troy City Charter
- Council Districts 3 and 4 very close to being out of compliance
- Significant disparities by population size among the Council Districts
- Neighborhood characteristics are not preserved under current council district configuration
- Poor use of roads and green space under current council district configuration

Process for Creating Proposed Council Districts

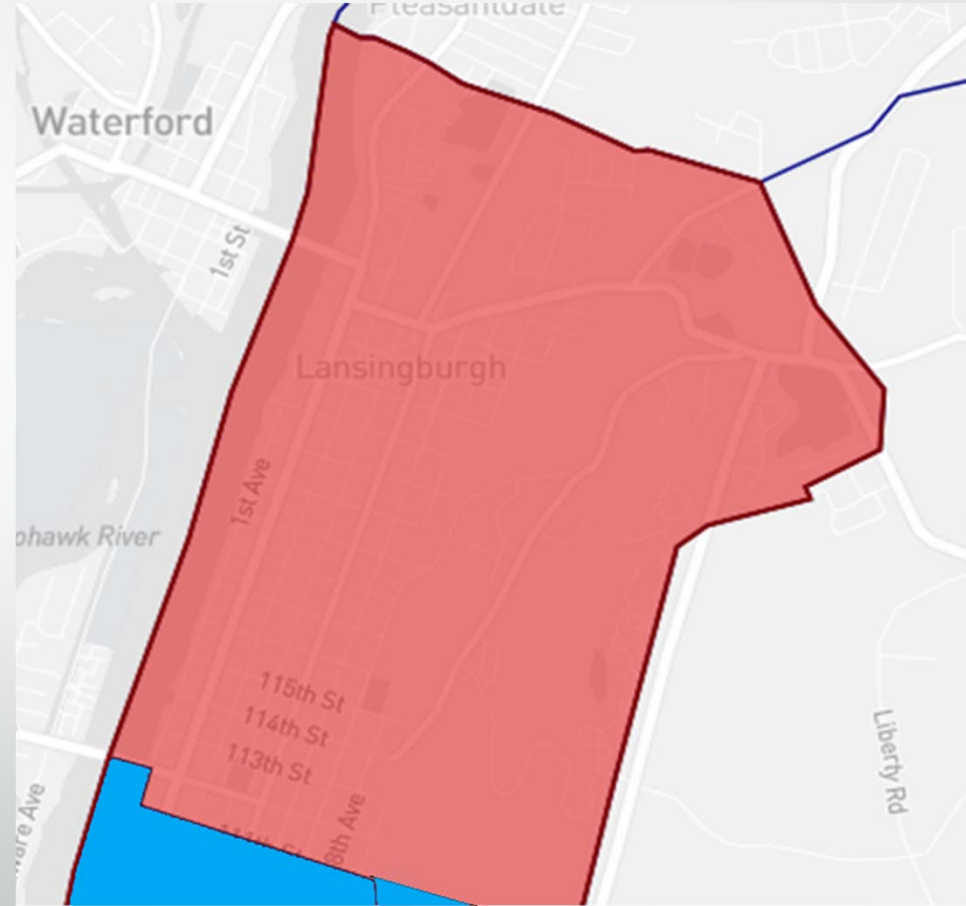

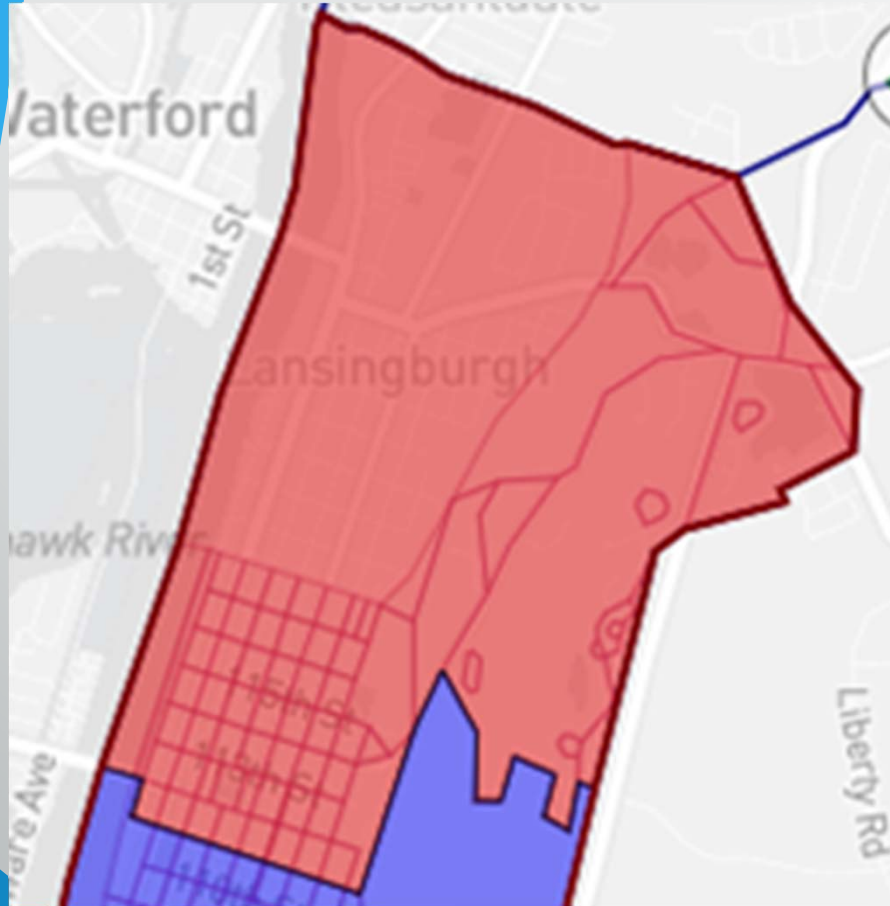

- Used two open source mapping software
 - DistrictBuilder
 - DRA2020
- Built census tracts at the block level
- Used only total population from 2020 decennial census
 - Troy City population of 51,401
- Considered
 - Neighborhood characteristics
 - Roads and green spaces
 - Equitable population distribution
